FROM THE HELM

President
Jim McCarty

May has certainly been a difficult month for on and off-shore fishing. High winds kept many people from going off-shore; some that ventured out on the good days had great success, while others had moderate success. There were a few reports of people catching their limit of Grouper and Snapper within a few hours. The winds also stirred up the harbor, reducing the number of good fishing days. With that said, it's great to see people in our club out there fishing and catching in these types of conditions!

The Tarpon season is off to a different start this year. The season didn't start with the Tarpon schooling near Burnt Store; they are much more scattered. They headed off-shore for several days earlier in the month due to high winds and storms; only to return to the Boca Pass in scattered schools. They are scattered on the beaches, 5 - 10 miles off-shore, and in the Boca Pass. The Tarpon are biting, people are hooking up and landing many of them. Who knows what tomorrow will bring.

Last month Jim Hoffman provided insights to catching Pass Crabs for Tarpon bait. Your advice was followed by many with great success. Thanks Jim!

May 20th - 26th was National Safe Boating Week. Joe Udvari has written an article for safety on the water that is specific to our area. Please see the link: <http://pgifishingclub.org/wordpress/wp-content/uploads/2012/11/Boating-Safety-by-Joe-Udvari.pdf>

Fish of the month for June is Flounder. Flounder are born with eyes on each side of their body, as they mature their eyes move to the top of the fish. They hide themselves in the sand and have great camouflage. The key to catching them is to have your bait just off the bottom as their eyes are on top and they can't see below them. Keep bait a few inches off the bottom. Squid, Octopus, or shrimp will work well on a Snapper rig. The "bite" of a Flounder is subtle, they take the bait and settle back into the sand; so there is no "grab and go". Look for your rod to bend, then no (or little) movement, as they have then settled back into the sand. If you have a Flounder, it may feel like you are reeling up some weeds or something else; don't expect a fight, but reel up to check it out.

Our fishing club is run by volunteers. We have several positions open for 2018 that need to be filled to keep our club active. Open positions: President, Vice President, Social Director, Ladies Liaison, Events Director, Advertising, and Editor. There are also members willing to help support these positions with computer skills and other support. Let me know if you are interested. It's imperative these positions be filled for 2018. The club has been lucky we have had Pat, Donnie, Rich, and others in their positions for a few years. I can't express my appreciation enough for those that have volunteered.

In June, we'll be creating a "care package" for Steve Bukowski (son of Joe and Diane) who is serving in the military in Iraq. We want to show our appreciation for his service. We're looking for people to provide donations of items that could include: snack cakes, salted nuts, powdered drink mix, beef jerky, "icy hot", hard candy, cookies, foot powder or "gold bond", books, magazines, decks of cards, games, movies, puzzle books, hot sauce, BBQ sauce, batteries, and more..... Any home baked goods should be able to be in transit for 3+ weeks in hot weather conditions and in a crush proof container. Details on timing will be discussed at the June meeting.

Our club member, Elaine Bretts, was featured on the front page of Waterline June 1st edition with a Bonita caught off-shore with Jim Hoffman. She now has GMA status.....

Tight lines and stay safe out there.

JOHN'S FISHING REPORT

Vice President
John McFarland

Just about every time a Powerball jackpot winner is announced, so too are the average person's odds of winning it. Usually the odds mentioned is equivalent to the average person's chances of being struck by lightning, 1-in-one-million.

If you are headed out on the water today that lightning strike statistic sounds rather comforting. However, that stat is fake news- it's only a theoretical number... not anyone's actual odds of being struck by lightning. It assumes the *average person* in the US being struck by lightning at *any one time*. It also assumes an *even distribution* of lightning strikes across the country.

The real odds of a person being struck by lightning *over the course of his/her life is 1 in 15,000*. If you spend a lot of time on the water in Florida, as many of us do, your odds are even worse. That's because Florida has far more lightning strikes and lightening deaths than any other state.

The likelihood of your boat being struck by lightning is 1-in-1,000. And that's not a lifetime risk that's an *anytime risk*. It's comforting to know your boat is exposed to the elements far more frequently than you (except in the case of Richie Kale who is on his boat 300 days a year!).

You can't change the fact that your boat is the tallest thing around but you can make things safer through technology. NOAA has made real-time lightning strike data available to App developers. This information is integrated into high-definition weather radar apps. In addition to keeping you informed of storm activity these apps can give you a heads-up when lightning is in your area and allow you to see if it is moving toward you. Google "lightning app NOAA".

May has been another abnormal month for fishing. Tarpon are not acting normal or showing up where they should. This unusual behavior has definitely been a result of the weather. Daily high winds have kept most members off of the water except for the last week with some nice fish being caught by members able to get out. Dennis Krausman, got a nice Permit, Ron Topper and Joe Udvari got some beautiful Red Grouper earning both of them GMA Stars. Both Elaine and Bobby Bretts also caught some nice Redfish and Snook in May. In total there were 58 fish submitted in May and 4300 points earned by our members. There were only three FOM winners this month, meaning only three keeper Cobia were caught after so many Cobia being caught last month. What a difference a month made. Congratulations to all of our successful fishermen and Ladies.

We also had three boats participate in a Tarpon Tagging program supporting Mote Marine Research Laboratories captained by Jim McCarty, Rick Sarkisian, and Gary Reeves. Great effort was put out by all participants, but only one juvenile Tarpon was implanted with an acoustic tag, or transmitter. This fish will be providing location and activity data for the next 10 years or until it disappears. I am sure we will be supporting Mote and Dr. James Locascio in the future to get more of these juvenile Tarpon tagged.

May- Ladder of Achievement

May has given us a new Club Hat winner, Tom Youngblood. We will be looking for big things from you in the future Tom.

Gold Pin winner, Larry Benz is definitely moving up the ladder, keep it going Larry. Larry also caught a nice 29 inch Red Snapper. What time should we come over for dinner Larry?

A lot of time on the water, study, hard work, and support from your family and friends is required to earn your Grand Master Angler (GMA) shirt and Elaine Bretts has achieved her GMA goal in May. Congratulations Elaine, well done.

One of the more difficult, and also one of the most honored accomplishments are the GMA Stars. Ron Topper and Joe Udvari have both won another GMA Star this month, which is for 2,000 points earned per year after you have achieved your GMA. These are two of the most dedicated and accomplished anglers in our club, continually exceeding in every challenge taken on. Our Congratulations and respect is extended to both Ron Topper and Joe Udvari. Now gentlemen, what's next?

Fish of the Month – Cobia

Our May Fish of the Month was Cobia and Darlene Madsen has taken first place with her 28.0 inch fish for the Ladies. There were no other Cobia entries for the ladies in May, so Darlene took the whole shooting match. Well done Darlene!

For the Men's FOM Joe Bukowski and Larry Benz tied for first place with twin 38 inch Cobia. Again, there were no other Cobia entries for the Men in May. Gentlemen, it is time to step up your game.

Things are warming up quickly here and a lot of us are traveling during this season.

Safe travels to all that travel and for those that are here stay cool enjoying all the wonderful activities that the summer season brings to Punta Gorda.

Don't forget to stop by the kitchen after our monthly meeting and enjoy a snack and a visit with our club members. The kitchen brings out some really good conversations amongst our members, so please join us.

As always any dessert donations are welcome.

Please remember that I will be retiring from being the Social Director at the end of the year and would love to be able to help our new Social Director volunteer get up and running for next year. If you are interested please see me or call me, it's a great job and easy to do'

CLUB CALENDAR

Tiki Hut: Every Wednesday at 5pm followed by dinner around 6pm, for those wanting to join.

Men's Breakfast: Tuesday and Friday mornings, 7am at Elena's.

Club Meeting: At PGICA every 2nd Tuesday of the month at 7pm.

We turned Ladies' Night Out for May into Date Night. We had a great time at JD's Bistro with excellent food, company and live Jazz music.

This month we are going to Laisley Crab House for Ladies' Lunch on Thursday, June 8th at Noon. For Ladies' Night Out on Thursday, June 22nd, we are planning to go to Prime Steak House in Port Charlotte to take advantage of their special summer menu.

June's Fish of the Month is Flounder. Here is one of my favorite ways to cook flounder.

Flounder Francese with Toasted Almonds, Lemon and Capers

2 oz. (1/4 c) Sliced Almonds
4 Flounder Fillets, 6 to 8 oz. each
Salt and Pepper
3 Large Eggs
A splash of Heavy Cream
4 Tbsp. Olive Oil, divided
3 Tbsp. Butter divided

1/2 cup Dry White Wine
2 Tbsp. flat leaf parsley, finely chopped
1 Lemon, Zested and Juiced
3 Tbsp. Capers, drained
2 Cloves Garlic, finely chopped
1 Bag Baby Spinach, coarsely chopped
1/4 tsp. ground Nutmeg

1. Toast almonds over moderate heat and reserve.
2. Preheat a large skillet over medium to medium high heat. Season the fish with salt and pepper. Beat eggs with cream. Add 2 Tbsp. extra-virgin Olive Oil to the skillet, w turns of the pan then add 2 Tbsp. of butter, cut into small pieces. Dip the fish into the eggs and cook on both sides until just golden, 5 to 6 minutes total. Transfer fish to a plate and cover with a loose foil tent to retain heat.
3. Add wine to the pan and reduce by half, 1 minute, then add 1 Tbsp butter and parsley to the pan. Stir lemon juice and zest and the capers. Turn off heat. Pour sauce over fish and top with sliced almonds.
4. Return skillet to heat. Add remaining 2 Tbsp extra-virgin olive oil, 2 more turns of the pan. Add chopped garlic and let it speak by coming to a sizzle. Wilt in spinach, turning to coat in extra-virgin olive oil and salt with salt, pepper and nutmeg. Serve spinach alongside flounder. Rachael Ray recipe.

SUNSHINE LADY

Donnie Brennan
Sunshine Lady

I'm glad to see so many people finally getting over whatever bug they had and are finally feeling better.

There might be a few people who are still sort of under the weather and I'm hoping you'll get well soon.

Don't forget, if you know of someone that is not feeling well, whether it's surgery, a cold, the flu, or just general aches and pains, I would like to know so I can send a card of cheer.

If you prefer not to divulge the reason (since some people like to keep their illnesses private), that's fine; I don't need to know the reason just that someone needs a card.

The only thing I ask of you is to let me know who that person is. Once I get the name, a card will go out. However, if you wish to tell me the reason the card is needed, a card appropriate to the situation will be sent. That of course is your choice.

You see, that's the job of your sunshine lady – to send out cards of cheer to those who may need a little pick-me-up - no matter what the reason.

So, again, should you know of someone who is a little under the weather, down in the dumps, or is facing any of issues that dampens a person's day, I will gladly send out a card of cheer to try to make them feel a little better.

That's all there is to it.

You can notify me by phone (941-626-4903) but email is the best way.

Thank you and have a great June.

PGI MARINE WATCH

Bill Guenther
Group Coordinator

If you can volunteer no more than 2-hours each month and have a boat, then you may want to consider becoming a member of one of the most unique community volunteer groups in Southwest Florida. Each day of the month PGI NMW members rise up in the night and early morning hours, launch their personal boats and go “On Patrol” to observe and report all suspicious boating or land activity to the Punta Gorda Police Department night dispatcher.

We prefer all members have a boat that they can use for their monthly patrol. However, you do not have to own a boat to become a member. You can act as “crew” during any other members patrol or, in the event of inclement weather or other unsafe “on-the-water” conditions, perform your 2-hour patrol at pre-designated land locations in your vehicle.

The preferred boat size is 17 to 23 feet, with either a T-top or bow rail to display “Patrol Boat” signage that identifies your vessel as a PGI Neighborhood Marine Watch Patrol Boat.

For additional information and to become a member of the PGI Neighborhood Marine Watch program, contact: Bill Guenther, Group Coordinator, (radioman3029@comast.net) for additional information.
