**ON THE COVER—Fish we don't see often...a
beautiful red snapper caught by Bill Guenther.**

Right now, as I put my brain to work writing this article, I'm glancing out my window watching the morning walkers go by. Don't any of these people own a long pair of pants? I'm writing this article in January and it's 60° outside. For the people up north, this is a heat wave but for us down here in Southwest Florida, it's a bit chilly – especially with the wind blowing the way it is. I was a contracts planner before I retired but I could never have planned for this cold weather. Am I still in Florida?

So, thinking of how chilly it is outside and dreaming of warmer weather, I'll sit here in my long pants and long-sleeved shirt and pound away at my keyboard.

One good thing the cooler weather brought us was the great fishing for sheepshead – those deliciously sweet tasting white meat fish that in no way smells or tastes "fishy." During the cooler weather, they're easy and fun to catch...just check out the photos in our photo section of this newsletter. Some really nice catches, there!

Anticipating the boredom of our Grand Master Anglers, your Board with the suggestion of our Fishing Events Director, Joe Udvari is in the process of devising further steps to the Ladder of Achievement Contest. While this is still under construction, the basic theory is that after you've achieved the rank of GMA and received your club shirt, you can now earn stars. As I said, this is still an idea in the making so we don't have all the final details yet but they are coming so GMAs, don't forget to keep turning in your pictures.

Speaking of turning in your photos, I understand that some of you are forgetting the basic information we need in order to accredit your photo to you. We need in the body of your email: your name, phone number, date the fish was caught, its species and length. Please don't assume that we will automatically recognize your email address. Plus most people don't have their emails set up to reflect their names for outgoing mail. Can't tell you how many times we'll get emails with the sender's name reading something like: gmr1921@

(whatever).com (or .net or whatever). Please be more specific so that we can accurately be sure you get credit for the fish you caught.

There is so much information in our newsletter, I'd hate to think that some of you just skim over the articles and concentrate on the photos. Do you realize that our club's picnic is just around the corner? With the size of our membership, you'd better get your tickets early. Oh, and don't forget, it's always advisable to bring your own folding chairs. Beach umbrellas wouldn't hurt either unless you really enjoy sitting in the hot sun (or unless these cold spells don't disappear). Please read Sandi's article and find out more. She's also looking for volunteers to help set up, serve and clean up. Let's face it – our parties are great and we want to keep them that way so our Social Director will need some able hands.

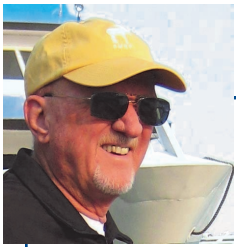

Speaking of chairs...just a reminder that every Wednesday night between the hours of 5:30pm and 7:30pm, we meet at the Tiki Hut for cocktails behind the Four Points hotel. From there, we usually go out to dinner...that venue is decided upon while we are gazing at the sunrise from the Hut. Consider joining us and if you do, consider tossing a beach chair in the trunk of your car. very often, there are not enough chairs to go around.

Well, I think I'm just about out of thoughts right now except to remind you to please read this entire newsletter. With all the information, you won't be sorry.

One final note: I know many of you knew Joe Tassia. We lost Joe on January 15th. He was a fun man to be around, always laughing, always had something to say even if most of what he said wasn't serious. Joe liked to keep his conversations light and tried to make us all smile. He succeeded in both. Joe will be missed.

Go fishing! Have fun on the water! Be safe and don't forget to turn in your photos!! The email address for that is: fishphotos@pgifishingclub.org.

Mike

Seawall Blues

My house is located at the end of a PGI canal. Not the very end, but on the 45 degree angle part of the end that is only around thirty feet of seawall. Just over a year ago I was informed by the city of Punta Gorda that the entire end section of seawall needed to be replaced.

OK, it was obviously old seawall and I was paying my seawall maintenance fee just like everyone living on a PGI canal so no problem, right? Wrong!

I'll not go through all the trials and tribulations associated with this evolution, but here we are over one year later with the wall adjacent to mine collapsed and still no seawall replacement. Many reasons why it still hasn't happened, but bottom line is

that I can't use my lift now and the boat is four houses down the canal on a kind neighbor's lift that wasn't being used.

Needless to say, that puts a "kink" in my fishing opportunities. It's not nearly as easy to pack up my gear on a whim, haul it down the street to my neighbor's, carry it to the boat, etc., etc. as it was when I had a lift in my back yard. Still hope to do some fishing in the next few months, it just will not be as convenient or as often as I was hoping...and I'll need to plan ahead some.

Some of you have gone through the pain of seawall replacement, some will and some may never. If you do, I hope your experience is a good one.

(Unforeseen newsletter delays allow a last minute update. This morning, Feb 5th, The crew started on my seawall...finally!)

FUN THINGS SOMEBODY SAID

It is inaccurate to say that I hate everything. I am strongly in favor of common sense, common honesty, and common decency. This makes me forever ineligible for public office.

Fishing Events

Joe Udvari

It's hard to believe I survived the first month as your Fishing Events Director. We had a fantastic turnout at our January meeting for the 2013 Awards presentation, and saw pictures of some truly amazing fish. The prizes weren't shabby either. I guess it's all downhill from here for me with respect to workload, not with respect to content or quality I hope.

Our January Fish of the Month (FOM) was sheephead, and for the first time ever, we had both a male angler and a female angler division. We had a total of 26 FOM entries, which shows a lot of time was spent fishing. Why not? It's what we do! I know the sheepheads were biting pretty good on shrimp all over Charlotte Harbor and the near-shore reefs, and some real nice slabs were caught. Congratulations go out to:

Male Anglers

- **Carl Leicher** - 1st place tie with a \$35 gift certificate to Laishley Marine for his 21.0" sheephead.
- **Pete McGregor** - 1st place tie with a \$35 gift certificate to Fishin' Frank's for one of his two 21.0" sheephead.
- **Duane Hilgendorf** - 2nd place tie with a \$25 gift certificate to Terminal Tackle for his 19.0" sheephead.
- **Joe Maillet** - 2nd place tie with a \$25 gift certificate to Capt. Ted's Tackle for his 19.0" sheephead.
- **Bob Busler** - 3rd place with a \$15 gift certificate to Rio Villa Bait and Tackle for his 18.5" sheephead.

Female Anglers

- **Karen Udvari** - 1st place with a donated Fishin' Frank's pink 7' rod for a 17.5" sheephead.
- **Darlene Madsen** - 2nd place with a \$25 gift certificate to Laishley Marine for her 16" sheephead.
- **Janice Wiscombe** - 3rd place with a \$15 gift certificate to Rio Villa Bait & Tackle for her 15" sheephead.

If you did catch a sheephead in January and didn't submit it, you may have missed out on a great prize.

So make sure that if you do catch a fish of the month or any fish for that matter, attach a picture to an email identifying your full name, length and type of fish, date caught and a note if you used a paid guide, and send it to fishphotos@pgifishingclub.org. It's that easy, and it enters your catch into all of the Club's programs and contests as long as you satisfy each of the respective revised rules for these events. The revised rules can be found on the Club's great website at <http://pgifishingclub.org>.

While you're on the computer, why not also post your pictures on the Club's Facebook page so we can all get a real time idea of what's biting.

Our February FOM is spotted seatrout. They're already in the Harbor in pretty good numbers, and can readily be caught on live shrimp or artificial lures like soft plastics or hard twitch baits. Try grass covered flats with sandy potholes or near sandbars in 4 to 5 feet of water if you can't get onto the flats. Always make sure and check the latest applicable regulations in effect for where you are fishing and for what you are catching, especially if you plan to keep some fish. Remember, you can't use a paid guide for any contests except the Ladder of Angling Achievement (LOA) Program, and your February FOM entries are due no later than March 1.

A complete listing of FOM species being targeted in 2014 may also be found on our Web site under the FOM Contest Rules.

All current contest results are nicely summarized later in this Newsletter, and awards for January will be handed out at our next general meeting on February 11.

We are truly lucky to fish here and enjoy the weather. So drop a line in the water and catch some fish for a chance to share in the bounty of all that our Club and great area has to offer. Come before 7 pm on February 11 to leave enough time to pick up your raffle and 50/50 tickets, and to grab a good seat. Also, don't forget to sign up for the March 24 fishing outing if you haven't done so already and are interested in having fun and winning some prizes. C U then!

Okay, who stole my nice warm Florida weather? I'm writing this looking at my husband and my mother who are bundled up as if it were 35° "inside!" While I'm not covered in layers of sweaters, I will admit it's pretty damn cold outside.

On the other hand, my husband went fishing and did bring home some really nice sheepshead fillets. Now is definitely the time to catch them. Yippee!! One of my favorite fish to eat.

Okay, let's move on to membership.

While I could find so many things to write about, I'll just concentrate today on welcoming our newest members.

We are definitely growing by leaps and bounds. If this keeps up, I'll have to seriously consider putting a hold on new memberships. Before you know it, we'll

be a SRO (standing room only) at our meetings. Ain't we having fun!!

And yes, we are. We really are a fun group of anglers. Just a few Wednesdays ago, we went, as usual to the Tiki bar for happy hour and then decided to invade Wally's for dinner. I thought the wait-staff was going to run and hide. They took one look at us (all 14 of us) and GULPED!!! Yet, they quickly rearranged the tables to accommodate us and everyone got served at the same time with HOT food....not only was it hot it was delicious. I think the only time we stopped laughing was when we were shoving food in our mouths.

Speaking of fun times, our annual picnic is coming up. Please be sure to read Sandi's article to find out more about it.

Well, I am going to cut this article short this month....just too many things to do and no time to get them done.....so, as usual, I will end with my constant ranting.

Every new member's badge will have a star on it. When you see a new member, please approach him/her. Introduce yourself. Be cordial. PLAY NICE!! Take him/her fishing. Tell them some of the great places to catch fish. Make a friend.

Remember...the new friend you make today just might turn out to be your new best friend tomorrow.

Have a great day/week/month, enjoy the fishing and stay safe on the water.

Where did January go? Before you know it, Valentine's Day will be here and hopefully warmer weather.

Speaking of the day of the hearts, hope you have something special planned for the love of your life. For the guys, just remember, your special lady doesn't complain about how many hours you spend on the water. Ladies, even though your guy takes you fishing, remind him that you are the love of his life and he needs to treat you to a special dinner. Ain't love grand?

Now, without further ado, let's get to the Sunshine part of my job.

Two cards were sent out this month:

Bonnie Verminski was attacked by a sudden bug that landed her in the ER – made her dizzy and had her hyperventilating. She's fine now but it was a scary moment.

On the other hand, we lost one of our special members. Joe Tassia passed away in January.

He was a wonderful friendly man and he will be missed. A card was sent to his family.

Now, for those who are new to the club...here is what I do.

When I am notified that someone is ill or maybe had an accident or even if there is a death in the family, I send an appropriate card filled with best wishes from the PGI Fishing Club. I'll even send out a birthday or anniversary card. All you need to do is give me the information: name and reason.

Each card is unique and made to fit the person and/or the incident. Some are humorous (if requested) others casual and others even serious. You give me the information I need and I do the rest.

So if you think you know of someone who could use a bit of sunshine in their lives, just email at sunshine@pgifishingclub.org.

Remember, hugs are free. I give to those who need them (and even to some who don't).

Don't forget, I'm the eternal optimist. No smile is too small to share.

(((((big hugs))))))

Donnie

Excerpts from Joe's obituary in *The Hopkinton Crier*: Joseph P. Tassia passed away peacefully on January 15, 2014 in the company of his son and daughter. Joe, a resident of Punta Gorda, Florida in the winter and Hopkinton, MA in the summer...enjoyed spending his free time on Lake Maspenock - fishing, swimming, and bird-watching. During these years, he was blessed with two children, David and Diane, and three grandchildren, whom he loved dearly. When the winter cold became too much to bear, Joe headed down to Florida, to enjoy the warmth. Over the past ten years, he formed many wonderful friendships there while playing tennis, kayaking, and fishing.

The fishing club picnic is getting closer and we are looking forward to having a great fun filled day with food, activities and prizes! It is being held on Saturday March 22 (rain date 23rd) at the PGICA pavilion.

This is the best bargain of the year! The cost is only \$5 per membership and includes fried chicken, potato salad, cold slaw and soft drinks. Additionally, you get to feast on the fabulous and delicious appetizers and desserts contributed by those who attend.

BYOB and enjoy a fun filled afternoon with your fishing buddies! There will be the normal contests with prizes awarded, and added this year will be Fishin' Frank and his fishing contest that has been a big hit at most of the boat shows in SW Florida.

Tickets will be on sale at the club meetings or can be purchased by contacting Sandi Rosen at sandrarosen@gmail.com or calling her at 518.475.9441. We are looking for volunteers for helping with set up, serving and cleanup. A meeting for volunteers will be scheduled next month. If interested in volunteering, please contact Sandi.
