NEXT CLUB MEETING
June 12, 2012
7:00 p.m.

Okay folks, so May is now over. Does it really seem possible that this is June already? Before you know it, our northern friends will be back in town and the cooler weather will be here again. But in the meantime, there's a lot happening in our club.

First things first, the By-Laws are now complete. All the discussions are done and it's time to vote yea or nay. By now, Donnie has emailed you a copy of the latest and final version that was approved by your Board. I hope you have read them as voting will take place at our June meeting.

Now on to fishing news. The tarpon have been on a good roll in the pass and from I hear, they've been biting as if they're having their last meal. Hope some of our club members have been able to catch a few. We'd love to hear your stories at the meeting.

Your Board has found itself in a bit of a dilemma. As you know, we're looking for someone to create and edit our newsletter OR someone who can create and maintain a website for our club. Also, this will be the last year for Tom desEnfants as our Advertising Director...so, in a nutshell, we need two people; one asap since Bill Guenther is stepping down at the end of June. I know there are people in our club that are fully capable of handling these jobs so I'm really hoping you'll step forward and help out. After all, this is YOUR club and we need you to help make it work.

While I'm speaking of things working, and while this is the halfway mark of my term of office and while we're talking about two of our Board members leaving, I want to take the time to thank everyone on the PGIFC Board. After all, without these volunteers, the club would be...well, like a fish out of water. So, I want to take a few minutes to tell you about the great people I work with.

In no particular order, let's start with my Vice President, Tom Lengauer. Tom is a quiet man but works just as hard as anyone, whether he's digging up the current fishing reports from local guides and tackle shops to rewriting our By-Laws. Tom has really been my right-hand man.

Then there's Ron McKinnon, our Treasurer. I know there are times he feels like smacking our heads against the boardroom walls but he just grins and gets things done.

Gary Moerke, our Secretary keeps us all in line by keeping accurate records of our meetings because, well, hey, I don't know about the rest of my Board but I sure forget things. Gary always reminds me of what I've forgotten.

Our Editor, Bill Guenther...wow, what can you say about Bill and his tireless enthusiasm? I honestly don't know how he manages to put out such a fantastic newsletter month after month but he does.

Our club, like others, runs on dues but because we give away so many great prizes during our meetings, we needed to go a step further so we have an Advertising Rep. Tom desEnfants has worked wonders getting and keeping businesses to donate to our worthy cause of keeping our members happy with the funds needed to buy rods and other types of tackle.

I'm always bragging about the great speakers we have each month but they don't come knocking on my door or lining up at the PGICA to volunteer their time. We need someone to search them out and convince them that expertise is just what we need. John Simonieg is that man and he's doing a great job.

So many people brag about the great parties our club has. Well, we can thank Sherry Moerke for that. She's put a new meaning to the word "social" and she's a winner. She is a tireless volunteer with so many new and great ideas. We're lucky to have her with us.

I've already mentioned John Wolfinger but what I didn't say is that he is always thinking of new and better ways to get our members involved in our fishing outings. I always wonder where he finds the time but without him, we'd probably be floundering in the water like a sick seatrout.

One Lady that always goes unnoticed is our Ladies' Liaison: Gena (Tink) Davis. Our ladies have a great time at their monthly lunches and ladies' nights out only because Gena works hard organizing it all. You need to attend a lunch or dinner and ask her why everyone calls her Tink.

Of course, I can't forget our Membership Director, Donnie Brennan. Where she finds everyone she's bringing into our club is beyond my imagination but she's increased our membership by about 160 people. She's like the

(From The Helm Cont.)

Eveready Bunny....she just keeps going, and going, and going...

Now, finally, one person who stands out among the rest but works behind the scenes and is a very important part of our Board is Bob Rand. He's our Fishing Events Record Keeper and without him, we'd really be lost at sea! He's the one who takes members' photos, resizes them, sorts them out and records them in the appropriate category for our records and contests. I don't know how he does it but just like a 28" redfish, Bob's a keeper!

I would love to stand up and applaud all of these great people but I'm still typing and since this is the deadline, I really need to finish this.

So without further ado, please don't forget to read the rest of the newsletter. There's a trove of information in each section that I'm sure you won't want to miss.

Aaron

REMINDER

A photo is your entry form for all club fishing events (Master Angler Tournament, Ladder of Achievement Program, Fish of the Month Contest, and Isles Trophy Race). The photo of you with the fish, your name, fish species, length and date caught noted on the back of the photo, or in the body of your email will be your official entry form.

Eligibility for each program will be determined by the Club's appointed recorder.

All entries should be emailed to the Fishing Events Director at

Editor's farewell message...

My

time as editor of the PGI Fishing Club monthly newsletter ends with this month's issue. Over the years I worried about whether I could produce the Newsletter on schedule, both print and electronic versions, and whether or not our members would find the contents interesting and informative. Those worries, however, only gave me something to look forward to each month.

My heartfelt thanks to eight sets of elected board members whom I have had the honor to work with, and to the contributions from our members. No wonder I have become a little nostalgic as I complete my stewardship of the Punta Gorda Isles Fishing Club Newsletter. It has been, as they say, A Real Hoot!

But, as someone more sage than I put it...all good things must come to an end.

To current board members and all the previous boards that I have served, I thank you for the privilege of working with you.

It is a great time for me to move on to focus on other duties and responsibilities. To paraphrase a famous military man's last statement...

"Old editors never die, their pens just run out of ink"

Bill Guenther, Editor 2004 - 2012

As I sit here and write this month's article, I am in northern Illinois where it is 46 degrees and raining outside. Oh, how I miss Punta Gorda! I am going through withdrawal since I haven't been able to fish in a couple of weeks. I really enjoy seeing the fish submissions that our members submit; it makes me look so forward to getting back there in June.

Our Fish of the Month contest for COBIA finished up May 31st and members did not disappoint. Cobia is a tough fish to find and catch but for the 5th month in a row we had winners for all three places. During May we had 8 submissions for the COBIA Fish of the Month contest and we had three winners. Congratulations go out to:

- Jim Qurollo, 1st place (\$35 gift certificate), 39" length to inside fork
- John Solinger, 2nd place (\$25 gift certificate), 35" length to inside fork
- Pam Solinger, 3rd place (\$15 gift certificate), 34" length to inside fork

Thanks go out to all of the members that submitted pictures of their COBIA catches. If you caught a big one and didn't submit it, you may have missed out on a great gift certificate. It's easy to submit entries; just e-mail a picture of you with the fish along with your name, date caught, length and type of fish to PGIFishingClub@pgica.org or drop off a picture with the same information at the PGICA office.

The June "Fish of the Month" is SNOOK. There have been many great Snook catches made this year, including a new club record. Now the true test will come to see who can catch that big one during the month of June. These fish have recovered very nicely from the freezes in 2010 and 2011, but to date, there hasn't been a decision made by FWC whether the season will definitely reopen this year. So, the Snook you catch for this month's contest are ALL catch-and-release. Handle them carefully, get your measurement and photo quickly, then spend a little time reviving them before you let them go. Snook are measured as total length; tip of nose to tip of tail.

For those of you that like to fish offshore, we are entering a great time of the year. The season for Red Snapper opened in the Gulf on June 1st and will be open for 40 days. That is a really short season, but if you get the chance, these are a great fish to catch and an even better fish for eating. These are one of my personal favorites for the table. In our area, Red Snapper aren't a fish that you'll catch in the Harbor or anywhere close. You'll need to probably target depths of at least 100 feet in the Gulf; that's a long way out. The limit is 2 per angler and they must be at least 16" total length.

The July Fish of the Month will be SHARK. Summer is usually an active time for sharks in the harbor. Since estimating a shark's length can be very subjective, we're giving awards in July based on the number caught. *But there will be a little twist.* Since catching a big shark is an achievement, any shark 5 feet or longer to the fork will count as "3". We still need pictures of the fish you catch, but because of the danger that can be associated with bringing a big shark on board, you can take the picture of the shark in the water. No, you don't have to be in the photo with it! So say you catch three, 3' sharks and one, 5' shark during the month of July; your total will equal 6. It's that simple.

One additional reminder; if you are working on your Ladder of Achievement, a 5' shark is also worth 300 points; a 50 inch shark is worth 200 points and a 40 inch shark is worth 100 points. So if you need points for your Ladder of Achievement, be sure to send in the estimated length to the fork with the photo. All species of sharks get credit, so you don't need to be concerned with identifying the species. Bob Rand will make sure you get credit for both the monthly contest and Ladder if he gets the correct information.

Now take advantage of living in one of the best fishing areas in the country and GO FISH!

PROGRAMS JOHN SIMONIEG

Our June guest speaker is Capt. Andrew Medina. With over 35 years of knowledge he has sought out, and perfected the skills, offered to his clients. Captain Medina grew up fishing the waters of Charlotte Harbor, and it's tributaries. Chasing everything that swims, and was eager to eat a bait that was

presented to them.

Among his favorites include Snook, Redfish, and Tarpon, these fish often fell pray to a young anglers lure. And it was at that time, Capt. Medina knew what he wanted to do. And, that was pass his knowledge to clients that wanted to same experience he felt, when that perfect fish didn't get away.

Growing up in Charlotte Harbor back then was a time lost, everybody knew everyone. To say a lot has changed in his home waters, would be an understatement.

The ability to adapt to ever changing conditions, has made him one of Charlotte Harbor's most sought after guides, and has led him down the path of the professional tournament angler. While traveling across the southern United States, in high profile tournaments such as the ESPN Redfish cup, IFA redfish tour, FLW, HT3, Flatsmasters and many more, he has perfected the skills needed to fish under different conditions.

Happy June, Members
I'd love to say that now since June is here that love is in the air, but it's really hard to think about love when you go outside and sneeze! Darn pollen!!

Although spring fever's in my heart, the pollen's in my head. When I try to kiss my husband, all I do is sneeze instead.

Okay, enough of the little ditties....on to business!

I know our rainy season was supposed to start on June 1 but as you saw from our latest weather, it began the first week of May. Yet, it wasn't as bad as the summer is supposed to be so please be sure to check your boats and be sure you're all geared up with the proper safety equipment. If you don't already know the skies, learn how to read the clouds and where they're going. Keep your eyes and ears open for squalls that might be coming over the mangroves. Just be careful.

I want to take a few minutes to say:::THANK YOU....THANK YOU.... THANK YOU.... To everyone who remembered my birthday and helped me celebrate. It meant so much to me to have so many of my friends at Ladies' Night Out and the emails from other members. AND I CAN'T FORGET THE ROSES!!! WHAT A GREAT SURPRISE. THANK YOU, JIM FOR PUTTING THAT SMILE ON MY FACE.

So, at long last, without future ado, please welcome our newest members:

**BONHAM, BILL & BEB DESKINS
DAVIS, BILL & PATTI
EBERS, ROY
STANIUS, BRAND & RANDA
ZINK, WALT**

Remember, all new members have a star on their badges. Look for them; go out of your way to meet them; make them feel welcomed. Best of all.....offer to take them fishing to show them the best way to fish the waters of Charlotte Harbor's East or West Walls. Hey, you never know – the newbie you help just might turn out to be your new best buddy. It happens – believe me! I can't even begin to tell you how my Christmas Card list has increased since joining the Fishing Club!!

I'm generally a happy person so to keep me happy, why not bring a new neighbor or even an established neighbor to our meeting. Give him (or her) a membership form. Let's get him or her to join. After all, we are the best club in town!

If you know someone who is "thinking" about joining but isn't quite sure about it yet, just have him (or her) call (575-8808) or email (L3th@comcast.net) me and I'll be more than happy to give them my time.

Just remind them, Fishing is what we do but we do a lot more than just fish!

Thanks and happy fishing!!

Donnie

BEST THINGS ANYBODY EVER SAID

"It is incumbent on every generation to pay its own debts as it goes. A principle which if acted on would save one-half the wars of the world."

-- Thomas Jefferson

Former Fishing Club President Tom Parsons sez he caught this "28" inch Cobia on a spoon.

Club President Aaron Wagner landed this Flounder after a 20-minute battle. Good job Prez!

Joe Udvari and a 12 inch Sheepshead

Nan Qurollo and a nice 29 inch Redfish. Well done Nan!

PGI Fishing Clubs "Fishing Typhoon" Captain Missy Becker and her 24 inch Spotted Sea Trout.

Club member Richard Davis and his recent Flounder catch.

This is a picture of John Kelly's Granddaughter, Cailinne's fish that she caught on May 7, 2012. She caught it on her first cast. It weight in at 7lbs, and 20 inches long.

Bill Bonham and a nice 15 inch Spanish Mackerel

Marv Dyrstad and a nice redfish.

Gary Moerke and a 24.5 inch Snook. With tears in his eyes, Gary released this one to fight again another day!

John Moorehouse and a nice 17 inch Spotted Sea Trout.

Joe Udvari with a Atlantic Sharpnose Shark.
