

CELEBRATE WORLD WATER MONTH IN MARCH

WATER QUALITY MONITORING TRAINING

Interested in becoming involved with a local volunteer
Water Quality Sampling project?

Please join CHNEP and the Florida Department of
Environmental Protection for a water quality
monitoring presentation and demonstration.

The Charlotte Harbor Estuaries Volunteer Water Quality Monitoring Program is a region-wide, fixed station, monthly water quality monitoring program, and has been providing reliable water quality data for over 20 years. Volunteers are THE critical component to the success of the monitoring program.

WHAT: Water Quality Monitoring Training

WHEN: Saturday, March 28th, 10am - 12pm

WHERE: [Punta Gorda City Hall](#), 326 W. Marion Ave.,
Punta Gorda, FL 33950

We will meet at Punta Gorda City Hall (Chambers Room) at 10am for the presentation, and then take a short walk over to Gilchrist Park (400 W. Retta Esplanade) for a fun, hands-on sampling demonstration.

Please bring:

- Water
- Sunscreen
- Appropriate apparel for water sampling (i.e., sunglasses, water resistant clothing, shoes, hat, towel, etc.)

Register [HERE](#) for the Water Quality Monitoring!
