

FROM THE HELM

THE **PGI FISHING CLUB** IS A PART OF THE
PUNTA GORDA ISLES CIVIC ASSOCIATION (PGICA)

FEBRUARY 2025

This Club is your key to Excellent Sport Fishing in and around Charlotte Harbor!

This productive Harbor offers great shallow water fishing for Snook, Redfish, Sea Trout, Jack Crevalle, and many species of Snapper. During the spring and summer months, often extending into early fall, Tarpon, Shark, Cobia, and Spanish Mackerel roam these inside waters. Off shore reefs hold a wide variety of species including Grouper, Barracuda, Permit, and Amberjack. Anglers watch for the spring and fall King Mackerel migration. The Tarpon fishing in and around Boca Grand pass is world famous. **Come and join the fun!**

Our monthly meetings at PGICA allow members to enjoy expert local speakers, to provide data on tackle selection, rigging methods, and techniques that have proven successful in local waters. Members have the opportunity to ask questions, report on current fishing conditions, exchange ideas, and swap fish stories.

Other Highlights:

Participate in Club Tournaments
"How to" Clinics
Social Functions

Our Membership is made up of anglers, both male and female, whose fishing skills range from **Beginner to Expert**. Come to ramp up your game, and build on your success with a bunch of like-minded folks.

Next Meeting: Tuesday February 11, at 6:00 p.m., Followed by social time with drinks and snacks.

What kind of music should you listen to while fishing? Answer: *Something catchy!*

FISHING REPORT For JANUARY

We have no Fishing Report for you this month!

We would like to continue publishing a monthly Fishing Report based on the observations of our Members, their angling success and the physical challenges in Sport Fishing in the Gulf and our beautiful harbor each month. The size and species of fish you've encountered and the apparent abundance of them would be of interest to many.

It would be great to have one seasoned volunteer to write our monthly Fishing Report.

Alternatively,

if several of you would submit your own casual notes each month, your thoughts and experiences could be collated and published as a whole.

Fish of the Month For FEBRUARY

Location, Description, Tips, Tackle and Bait

GROUPE

Species: Red and Gag Grouper are the most common types to catch in our area. For the most part these are bottom or near-bottom dwellers, often hiding under ledges or other hard structure and hard bottom. Most offshore anglers will drift or anchor over hard bottom, looking for ledges or craters and abrupt changes in depth. Depths can range from 80 feet and deeper for keepers, but smaller fish can be found in the 40 foot range. A Stout 6' conventional rod and reel with 40lb braid will get the job done. Use enough weight to keep the line vertical to the boat, it's not uncommon to use 8 to 12 ounces of lead. Use a drift sock or 5-gallon bucket if needed and adjust weight as needed based on the drift. Use a size 8 inline circle hook for live bait, as grouper have big mouths.

Bait: Live Squirrelfish, Pinfish, small Grunts, frozen Sardines, Squid, and Octopus will work. Grouper are not fussy eaters. The live bait can be found readily in the Gulf in 35 to 50 feet of water and caught using a Sabiki rig.

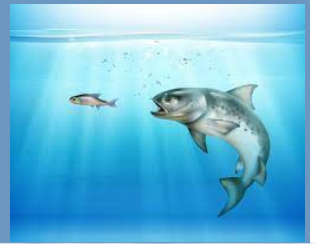

The bite: The bite is a hard tug on the line. Not a tug and run, but a tug. Reel 5 or 6 cranks to get the fish off the bottom and you are set. It's key that enough weight is used to keep the line vertical, if your line is telescoping away from the boat that gives the fish a better chance to swim back into structure.

Inshore/near shore: Smaller gag grouper can be caught throughout the harbor by structure; Alligator Reef, the rocks by Fisherman's Village / Laishley, docks by Boca Grand Pass, and channel markers. Pitch a shrimp. Trolling a stretch near the reefs, or the pass, the orange rocks by Cayo Costa, and near shore by structure has also been successful; with several results in keeper size gags.

Interesting Tidbits

Finally, after three weeks of nasty, cold and windy weather, we had a week of calm waters and warmer temps. Most of our catches reported this month happened this last most welcomed week. Our FOM, Sheepshead, had a respectable 8 reported catches up to 19." The Red Grouper season is now open again and we had 8 reported catches up to 31" for those able to get offshore. A few Sea-trout were found by those seeking them and we had reports of a Cobia and an Amberjack as well as a Black Drum and a Redfish.
